

Bubbles Safe Play Policy

We have two very simple values here at Bubbles:

Every child has the right to play

&

Every child has the right to play in safety.

What this means is that regardless of their capabilities, backgrounds, personalities, level of development, age and existence of obvious or invisible medical conditions, every child has the right to play freely at Bubbles.

However, as we also hold that every child also has the right to play in safety; rough, disruptive, aggressive and other forms of anti-social behaviour will not and cannot be tolerated.

The only way we can effectively hold these values together is to insist that all children are adequately supervised by the parents, grandparents or guardians. We ask that you are in the same room that your children are playing in at all times and that you are monitoring them at all times.

Thank you for your understanding.

We also have two soft play area rules:

1) No food to be taken into the soft play zone by the children

2) Socks to be worn in the soft play area

(some are provided but we would prefer you bring your own)
